Review                      7.5/10

Basic curry house so don't expect any unusual dishes. Service was excellent although the popadoms arrived with just a salad, had to order chutneys separately. Lamb tikka starter was superb. Chicken madras main had plenty of kick to it although was a little light on the "traditional" madras acidity. Good value for money but there are a couple of better places to eat in Tamworth if you don't mind spending an extra couple of quid.
